Der Business Korrespondenz Trainer

English business communication, explained in German – e-mail, letters and the phone

A modern learner's book for business English with the new ABCD-method: now at last you learn to write English texts until you really master the essentials – easily but right from scratch. You won't have to look at hundreds of text blocks any longer. Just learn to write freely! Plus you will finally know how the language of business works and sounds – through reading, listening and writing.

- ✓ Super for students, businessmen and businesswomen, as a course book and for reference
- ✓ This Business-Correspondence-Trainer will make you a confident writer of English business letters and build up your phoning skills
- ✓ Perfect for both individual and independent work as well as task-oriented classroom work
